Leigh –

need a couple of things from you –

① Can you confirm the "focus area" that these 3 projects belong in? Are they part of the "Inhalation study to evaluate sidestream aerosols"? (date they are responsive)

② Did you compile a "publications" list for PI? If so, may I get a copy from you? (in w/ activities)

③ I need copies of your project sheets.

Thanks
Dallie
(x43906)

Just need project names for now
